The tour was well paced & informative & interesting. The museum was packed with excellent visuals and in-depth fishing facts and hands on activity - I caught a maplin! The beach was spectacular! Could easily have spent more time there. Walter was absolutely superb! Great communicator with plenty of appropriate + factual stories and related experiences. Great host!

Comments This is my second time traveling with Blue Sky Adventures. I had a very enjoyable experience again the pre-high to Philmont. Once last year traveling adventure activities were an adventure of their own. This was a great trip to Sea Base, the tour guide was amiable, and I look forward to traveling with Blue Sky Adventures next year to Northern Tier.

Comments Walter our tour guide was a valuable resource. He gave incredibly useful tips from a scoutmaster point of view. All planned events happened right on schedule without guesswork. The boys had a great time on the beach and the weekend was a blast. Getting the trip off to a good start sets the tone for the week and your company did a great job at doing exactly what. Thank you!

Blue Sky Adventures took  
the worry out of the extra 1 1/2 we  
spent in Florida. All these little  
details - Michelle took care of what  
the best western went out of their  
way to make us comfortable & welcome  
what place to stay - just a short  
walk from the beach. What percent  
does a super some working. Jerome  
our driver was patient & gracious  
Thank you Jerome & Michelle

I loved the energy of  
Mr. Cobbank - and the general  
vibe of the trip. The hotel was  
awesome, and I loved the beach  
too.  
I thought the Alligator park  
was awesome (especially the  
Arrboat ride!) No negative comments:

The hotel was good because it had everything we needed except beds. Meals were good and excellent because they were really fun while still being educational. Transportation was excellent and great (non-stop) overall the tour was excellent mostly because of our tour guide Mr. Coldbath
